**AMENDMENT TO
FOREIGN CARRIER AFFILIATION NOTIFICATION**

Pursuant to 47 C.F.R. §§ 63.11 and 63.50, AST Telecom, LLC d/b/a Bluesky (“AST”) amends the pending foreign carrier affiliation notification with respect to Bluesky Samoa Limited (FCC File No. FCN-NEW-20110315-00007, as modified by the August 20, 2012, amendment reflecting Independent Samoa’s subsequent membership in the World Trade Organization) for AST’s international Section 214 authorizations.

First, AST amends the foreign carrier affiliation notification, which was initially filed by American Samoa License, Inc. (“ASLI”), to substitute AST for ASLI. ASLI merged into AST, with AST surviving, on March 15, 2016. AST had previously notified the Commission of the *pro forma* notice of assignment of ASLI’s international Section 214 authorizations.¹

Second, AST hereby withdraws without prejudice its pending request for non-dominant carrier status for the Samoa-American Samoa route, reserving the right to seek reclassification at a future date. AST agrees to comply with the dominant carrier regulations provided in 47 C.F.R. § 63.10(c).

¹ See *International Authorizations Granted*, Public Notice, 31 FCC Rcd. 4672, 4673 (2016); FCC File No. ITC-ASG-20160414-00138.

CONCLUSION

AST hereby requests expedient approval of this amended foreign-carrier affiliation notification.
